ADDITIONAL INFORMATION

I am looking for a job about Frontend Developer .

I can convert from PDF to HTML , CSS for template , i able use framework about Bootstrap , fontawesome, library to subport create a template is quickly .

I've been working on and researching angularjs and angular cli , understanding and knowing the angularjs and angular cli.

I've been working with Reactjs, Redux ,Redux-saga.

Designed and implemented UI views and layout for cross-devices with HTML,CSS and Angular Components, i have knew about jquery, javascript.

Previously I worked on the C ++ MFC model language from August 2017 to May 2018.
From August 2018 to July 2019 i have work at Ambition custom solutions i worked about web application to sell car, i wrote code about c# , angularjs 1 , jquery, javascript, html,css, Gridkendo UI for jquery.

I am friendly, able to talk, listen, work on time, I hope to learn more to develop skills in the company, hope to be invited to interview at the company in the shortest time. Thanks very much.
